

LIAM CASPERITE

515 Murdock Rd Baltimore,
MD 21212

(667)-900-1460
casperiteliam@gmail.com

OBJECTIVE

To utilize my mathematical, scientific, and technical skills to obtain a position in the engineering field.

EDUCATION

Eastern Technical High School

Engineering Magnet Program (3.97 GPA; 5.72 Weighted GPA)

2024 – May of 2028
(Expected Graduation)

AP Coursework

AP Physics I, AP Calculus BC, AP Calculus AB, AP Pre-Calculus, AP US History, AP English Language, AP World History, AP US Government, AP Studio Practice

EXPERIENCE

MESA Competition 3rd place State Finalist

2026

Designed and built CourtSense, a sports heat stroke detection wearable, for the Maryland MESA Day competition, placing 3rd in the state. Used Electrical circuitry, 3d design and printing, soldering, and coding using Arduino IDE.

Lawn Care Services, Owner / Manager

2024-Present

Created and ran a local lawn care business profiting over \$8,000 across two years spread entirely on word of mouth. Managed two employees, scheduling, and client conversation with over 30 total clients.

Commissioned Oil Painter

2025-Present

Using technical and artistic skills to commission custom realism oil paintings of automobiles for clients

Personal Desktop Media Player Project

Developed a desktop media player with three switches, a rotary encoder, and an OLED screen to control computer media: adjusting volume, pausing, rewinding, and skipping songs. Documented the project on GitHub, designed a custom PCB and case, and wrote the firmware in CircuitPython for the ESP32.

TECHNICAL SKILLS

- MATLABs Onramp Certification
- KiCAD PCB Design
- Excel Data Analysis and Programming
- AutoCAD User Certification
- Python Programing + Data Analysis (Pandas)
- 3D Design (Inventor, Fusion 360, Solidworks)

ADDITIONAL SKILLS

- Communication
- Punctuality
- Teamwork
- Problem Solving
